THE WEDDING FEAST – JOHN 2:1-12

The wine at the wedding is completely gone! The wine was a very important part of the celebration – it showed the wedding guests that the host appreciated and respected them. It was a bad thing for someone to run out of wine to serve the guests. All of the guests expected to have wine at a wedding, and it was a very serious matter that all the wine was gone.

Mary told the servants to listen to Jesus and do whatever he told them. Jesus told the servants to fill the jars with water. Then Jesus told them to draw some of the water out and take it to the master of the banquet. The master of the banquet tasted the water, but it wasn't water anymore – it was wine!

This was Jesus's first miracle. In changing the water to wine, he revealed his glory and that he was the Son of God. The disciples put their faith in him!
